JAPANESE DINE AMERICAN ENVOY

George W. Guthrie Guest at New York Banquet.

CHICAGO PROFESSOR SPEAKS

T. Iyemaga Deprecates Land Legislation in California and Touches on the Friendship Between America and Japan—Lloyd Griscom is Toastmaster and Ambassador Guthrie Dismisses Trade.

New York, May 24.—Expressions of good will between the United States and Japan and hopes of continued friendly relations were voiced by speakers at a luncheon given by the Japanese society to George W. Guthrie of Pittsburgh, newly appointed ambassador to Japan. Toasts to the Japanese emperor and the president of the United States were drunk in grape juice.

Lloyd Griscom acted as toastmaster. Among the speakers was Professor T. Iyemaga of the University of Chicago.

The root of the California legislation, Professor Iyemaga thought, was the race question.

"There is not the least doubt," he said, "the procedure of California has stirred deeply the hearts of the Japanese people."

"This blow is more keenly felt because it comes from the Americans, upon whose friendship and good will they have implicitly relied."

Opened Way for Her Career.

"America introduced Japan to the world and thus opened the way for her remarkable career during the last half a century. When Japan was struggling hard to break off the yoke of old treaties, concluded when diplomacy was an unknown science, America was among the first to recognize the justice of her contention."

"When we fought Russia, America gave us ungrudgingly her moral and financial support. To crown all America first affixed her seal to the treaty which gave us tariff autonomy and a full recognition of our equality with the great powers."

"What we ask for now is not soothing words, but the substance of justice. I have, therefore, every reason to believe that President Wilson will not cease his labors until an adjustment satisfactory to the Japanese people is made."

Ambassador Guthrie in his address referred to the illness of the emperor of Japan and expressed a hope for his speedy recovery. The ambassador's remarks had chiefly to do with the extension of America's trade abroad.

BRITISH PRESS IS ANXIOUS

Fully Realize Possibilities of the Japanese Alliance.

London, May 24.—The powerful English organs just appear to be awakening to the possibilities of the alliance between Great Britain and Japan.

"The prospect of a war in which Great Britain would be fighting for a principle that is an anathema to her own dominions," says the London Spectator, "is causing much anxiety throughout the British empire."

"We doubt whether the empire could survive such an outrage to the feelings of a large and important part of its white population," says the Spectator.

The Saturday Review urges Great Britain to stand by the alliance with Japan, "because America is working for supremacy in the Pacific on lines that are unfriendly both to Great Britain and Japan."

PAGE DODGES INTERVIEWER

New Ambassador to Great Britain Reaches Queenstown.

Queensland, Ireland, May 24.—Walter Hines Page, the new United States ambassador to Great Britain, parried all attempts of newspaper men to obtain an interview when he arrived here on board the Baltic from New York.

He contented himself with the remark that his constant endeavor while holding his office would be to "maintain the more than friendly relations between the United States and the United Kingdom, which had happily continued for such a long time."

The American consul here went on board the Baltic while she was off the port and delivered a package of dispatches to Ambassador Page.

Twenty Students Hurt.

Akron, O., May 24.—Twenty students of the Central and South high schools were injured when a balcony in the auditorium at the Central high school collapsed. The students were rehearsing the oratorio "Samson." Although many of the students, most of whom were girls, were seriously injured it is not believed that any will die.

QUESTIONS ARE READY TO MAIL

Senate Committee Prepares Number on Tariff.

SIMMONS GIVES OUT LIST

Twenty-nine Queries Will Be Sent to Manufacturers by the Democratic Majority on the Finance Committee and Will Be Accompanied by the Original Sixteen Proposed by Senator La Follette.

Washington, May 24.—Senator Simmons, chairman of the senate finance committee, made public a list of twenty-nine questions relating to the tariff prepared by majority members of the committee which will be sent to the manufacturers of the country.

To avert any clash over this action in the senate the majority will send with their list the original sixteen questions proposed by Senator La Follette, although most of his questions are incorporated in the majority list.

The committee announced in a statement that if manufacturers or persons who have filed briefs or have made written or oral protests to the finance committee will send answers before the bill is reported back to the senate they will be printed.

All questions must be answered under oath.

The preliminary questions related to the manufacturer's identity, the commodity produced, the raw materials used in production, whether they are produced here or abroad, and, if imported, from whence; cost per unit of raw material and cost per unit of similar product in foreign countries.

IOWA CLUB WOMEN ADJOURN

Mrs. B. B. Clark's Election as President Made Unanimous.

Cedar Rapids, Ia., May 24.—With the singing of "God Be With You, Till We Meet Again," the tenth biennial convention of the Iowa Federation of Women's Clubs was declared adjourned.

Preceding the adjournment the newly elected officers were presented to the delegates. Mrs. B. B. Clark of Red Oak was unanimously elected president.

Other officers elected are: Vice president, Mrs. Francis Whitley, Webster City; recording secretary, Mrs. P. F. Paville, Storm Lake; corresponding secretary, Mrs. W. H. Snyder, Davenport; general federation secretary, Mrs. Homer Miller, Des Moines; treasurer, Mrs. Rosa Agnew, Marshalltown; and auditor, Mrs. Mary H. S. Johnston, Humboldt.

TO PROBE BRIBERY CHARGE

Governor Hodges Will Investigate Grain Inspection.

Topeka, Kan., May 24.—An investigation of charges of bribery against inspectors of the state grain department was ordered by Governor Hodges.

According to reports placed before the governor E. R. Smith, a grain dealer of Greensburg, Ala., at a meeting of grain men at Dodge City Thursday, asserted that the grain inspectors in Kansas City had been bribed in order to grade grain to win the interest of the grain speculators.

Wheat that was graded No. 2 at Greensburg was graded No. 4 at Kansas City, Mr. Smith is said to have charged.

\$837,550 TO HELP COLLEGES

General Education Board Aids Sixteen Institutions.

New York, May 24.—The General Education board appropriated \$837,550 for the benefit of sixteen colleges and educational institutions in various parts of the country.

The board's appropriations include the following, all conditional: John B. Stetson university, Deland, Fla., \$50,000; Northwestern university, Evanston, Ill., \$100,000; Pomona college, Claremont, Cal., \$150,000; Union college, Schenectady, N. Y., \$75,000; Williams college, Williamstown, Mass., \$100,000.

Two Deaf Mutes Killed.

Ortonville, Minn., May 24.—William Messner, aged about thirty, and Leslie Yager, aged twenty-one, both deaf mutes, were struck and killed by a gravel train on the Milwaukee road just west of this place. The head of the younger man was severed from his body. Messner's head was crushed and there were many marks upon his legs and arms.

Hold Alderman as Briber.

Denver, May 24.—Former Alderman James O'Donoghue was indicted by the grand jury in the district court on a charge of attempted bribery. It is alleged that O'Donoghue offered a bribe to A. A. Blackley, a member of the fire and police board.

HENRY U. MUDGE.
President of the
Rock Island Road.

OPERATE LINE IN SIX WEEKS

New Route From St. Paul to Kansas City Open July 1.

Chicago, May 24.—Announcement was made by officials of the Chicago, Rock Island and Pacific railway that the new line of the company between the Twin Cities and Kansas City will be opened for operation July 1.

According to President H. U. Mudge it will be the shortest route between Kansas City and St. Paul and Minneapolis. The St. Paul and Kansas City short line, formerly known as the St. Paul and Des Moines railway, was purchased by the Rock Island company some time ago to complete the line between the three cities.

A stretch of track between Carlisle and Allerton, Ia., has been built by the company at a cost of \$4,000,000.

MONTANA SENATOR SCORES FREE LIST

May Join Louisianans and Vote Against Bill.

Washington, May 24.—Wool and sugar, the stumbling blocks of the tariff bill, held the attention of the senate finance subcommittees and senators in general.

Great interest was attached to a published statement by Senator Walsh of Montana, condemning the proposition to put wool and sugar on the free list, which gave rise to a report that he might join Senators Ransdell and Thornton of Louisiana and vote against the bill.

In that case the senate Democratic majority being only six, the vote on the tariff bill would be a tie, necessitating the vote of Vice President Marshall to pass it.

Should this develop there are some Democrats who believe that Senator Pomfret of Washington, the only avowed Progressive in the senate, will vote with them on the bill. This would give leeway for another Democrat to desert in the final vote.

AGED MAN ADMITS SLAYING

Killed Poor Farm Inmate at Duluth With Cuspidor.

Duluth, May 24.—"Yes, I've said it, that I killed the man. I'm sixty-four years old. You can do what you like with me. I don't care; I won't live to be more than seventy years anyway."

This was the confession of Peter Perelli to Judge Dancer in district court when he pleaded guilty to a charge of manslaughter in the first degree.

Perelli, because he had been called "Macaroni," hurled an iron cuspidor at Michael Lenovitch, a fellow inmate at the poor farm, March 26. The blow was fatal.

MIKADO IMPROVING.

San Francisco, May 24.—The following cablegram from Tokio was received by the Japanese New World, a newspaper published here: "According to official announcement it is expected the emperor will recover in from two to three weeks and will completely regain his health."

MOORHEAD BANKER IS DEAD

L. A. Hutton Well Known in Northern Minnesota.

Moorhead, Minn., May 24.—L. A. Hutton, one of the best known bankers in Northern Minnesota, president of the First National bank of Moorhead, resident director of the Moorhead normal school and appointed about two weeks ago by Governor Eberhart as a member of the new educational board of the state, died here. He was fifty years of age.

Death was due to complications following an operation. His death was not expected and comes as a shock to all who knew him.

A Healthful Spot.

Inverary, in the Scottish highlands, is the healthiest town and has the lowest death rate in the world.

NEW SENATORS GOOD TALKERS

They Refuse to Be "Seen and Not Heard."

TRADITION IS DISREGARDED

Newly Elected Members Formerly Were Supposed to Be Silent Until They Had Become Accustomed to the Ways of the Senate, but Now They Speak.

By ARTHUR W. DUNN.

Washington, May 24.—[Special.]—New senators are going to be heard as well as seen during this first session of the Sixty-third congress. Already nearly all the new senators have come across with speeches of varying length. They have not waited until they had "become accustomed to the ways of the senate," as was the tradition of the past, but they have been in with their long and short talks "right off the bat."

It has been observed that former members of the house have been most ready talkers. We have heard from Shafroth of Colorado, James of Kentucky, Ransdell of Louisiana, Hughes of New Jersey, Goff of West Virginia, Norris of Nebraska, all former members of the house and new at this session. Then one day Sherman of Illinois, the newest of all, broke in and showed that he knew a lot about the tariff, especially about the pending bill. He even elicited questions from the oldest members of the senate, showing that the new men are not to be "hazed" because they talk.

Tumulty in the "Crow's Nest."

Joseph Patrick Tumulty, secretary to the president, is quite democratic and modest in his way. He wanted to listen to the senate debates, and instead of going on the floor, as was his privilege, or getting in the executive seats, also his privilege, or in the reserved galleries or even in the press gallery, where he would have been welcomed, he was found in the men's public gallery, the one generally occupied by the colored brother and which Colonel Dick Bright called the "crow's nest" when he was sergeant-at-arms of the senate. Secretary Tumulty just wanted to hear the tariff talk and asked no favors.

A Smoot Speech.

A speech by Senator Reed Smoot of Utah when it appears in the Record always looks as if the other senators made it for him, particularly if it is upon the tariff. There have been Smoot speeches of two days' length that were entirely by Smoot, but they were on some complicated thing like printing or some other uninteresting and little understood subject.

Now, everybody concedes that Smoot is a tariff expert, and as soon as he begins talking tariff all the other experts (and there are ninety-five of them) immediately try to get in and have their say also. Consequently a Smoot speech on the tariff is a running point debate in which Smoot begins, but in which nearly everybody else takes part.

Same Old Methods.

It is found that the Democrats are adopting the same methods employed by the Republicans four years ago in making a tariff bill. The difference in the house was so slight as not to be noticeable. In the senate the Democratic members of the finance committee have been hearing the people interested in the tariff "privately," and they are criticized by the very men who held the private hearings four years ago. Human nature is pretty much the same, no matter what brand of politics it wears.

"Hard to Abolish a Job."

"It's the same old question," said Jim Mann. "It's hard to abolish a job." The proposition to diminish as resignations or terms of service expire of six of the eleven members of the board of managers for the soldiers' homes throughout the country was under consideration. Men from districts where such homes are located fought the abolition of these offices. The senate stood firm against decreasing the offices, but Chairman Fitzgerald was persistent in having them abolished.

Told It to the Publishers.

Former Congressman Wise, who died a short time ago, was once invited to address the Periodical Publishers' association at one of its banquets. He told a very funny story of days after the civil war in Virginia, causing the assembled company of publishers, editors and magazine men generally to roar with laughter.

"Thank you," said Wise. "I thought that was a funny story, a good story, and I once wrote it out carefully and have sent it to every magazine and editor who sits here, and each time it was returned with thanks as being unavailable. So, when you invited me to speak here, I determined to make you listen to it. For I am convinced you never read it while it was circulating among you for so many months."

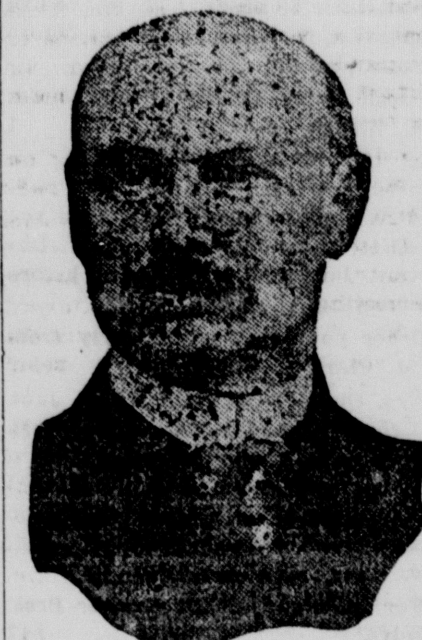

Predatory Animals.

All the noxious animals are not "bulls" and "bears" and such "predatory plutes" as have been mangled in many speeches. Senator Catron of New Mexico and other western members are trying to have the government go after predatory wild animals which prey upon the domestic animals of the settlers in the west.

Drowns in Irrigation Ditch.

Livingston, Mont., May 24.—The three-year-old daughter of T. W. Fueselman, a Northern Pacific official in the supervisor's office, toddled into an irrigation ditch within 100 feet of her home and was drowned.

ELBERT H. GARY.
Steel Magnate to Give
No More Secret Dinners.

GARY QUOTES MR. WILSON

Steel Corporation Head Cites President's Statement.

New York, May 24.—E. H. Gary, chairman of the United States Steel corporation, quoted President Wilson at the annual meeting of the American Iron and Steel Institute as saying that honesty had nothing to fear from the Democratic administration and added: "Let us accept that statement as coming from President Wilson to mean just what he said and let us feel assured."

When Judge Gary took his seat a moment later a resolution calling for public meetings of the institute hereafter, instead of executive sessions, was adopted unanimously. This will abolish the so called Gary secret dinners.

ROUNDS UP THREE YOUTHFUL BANDITS

Illinois Posse Captures Two of Them in Swamp.

Joliet, Ill., May 24.—Swimming and wading through swamps and the Illinois river two of four Chicago youths were captured by a posse under Sheriff Joseph Francis and charged with having robbed a branch postoffice in Ottawa, Ill., and many business houses in Morris, Ill.

Forty-five dollars was taken from the postoffice in Ottawa and several hundred dollars from business houses in Morris. The prisoners gave their names as Charles McKay and Fred Moon. Joe Hess, alleged leader of the band, was captured later while trying to make his way openly through the streets.

In Morris, where the alarm was raised, the quartet fled to the river ahead of a posse. Two of the men climbed in a boat but in the center of the stream it was upset. The men swam ashore and then fled through a swamp. The name of the fourth was given by those captured as "Snake."

GUSTAFSON FOUND GUILTY

Convicted of Murder of William Darling in Minneapolis.

Minneapolis, May 24.—Gust Gustafson, on trial on a charge of having murdered William A. Darling, was found guilty of murder in the first degree.

Life imprisonment is the statutory penalty.

The crime occurred the night of March 23, when Darling went out of the house where he roomed on Nicollet island to look for a man whom his landlady thought she saw prowling. As he approached a shed in the rear he received a bullet through his body and died shortly after reaching a hospital.

RESULTS ON THE DIAMOND

American Association.

Drowns in Irrigation Ditch.

Livingston, Mont., May 24.—The three-year-old daughter of T. W. Fueselman, a Northern Pacific official in the supervisor's office, toddled into an irrigation ditch within 100 feet of her home and was drowned.

SAYS WAITRESS WORK PAYS BEST

ONE MAN DIES IN MINE FIRE

His Companion Is Saved by Use of an Oxygen Machine.

Herrin, Ill., May 24.—One life was lost and another saved after the use of an oxygen machine in a fire which broke out in the mine of the Illinois Hocking Valley Wash Coal company. Two miners entrapped by the flames were taken from the mine, both unconscious. Ed Duncan, forty years old, died a short time after being brought from the mine. His brother John, twenty years old, was restored to consciousness.

The fire is believed to have started in the mule stable, where seventeen animals were burned to death.

ONE BOY LEFT AIDS PARENT

Sisters and Brother Were Murdered by Father.

Chicago, May 24.—Although his two sisters and an infant brother had been murdered by his father John Meusch testified in his father's behalf that a street car accident had caused his parent to become insane.

William H. Meusch, the father, is suing the street railway company for \$75,000 because, he charges, the accident to him caused him to murder his children while he was out of his mind.

JURY PROBES GIRL'S DEATH

Factory Superintendent and Watchman Charged With Crime.

Atlanta, Ga., May 24.—A grand jury has begun an investigation of charges against Leo M. Frank, superintendent of the National Pencil factory, and Newt Lee, negro night watchman at the factory, who were held by the coroner's jury in connection with the death of Mary Phagan, fourteen years old.

Her body was found in the basement of the pencil factory on April 27.

The Cut and Dried Life.

We are born into a world that is an inexhaustible store of ready made ideas, stored up in tradition, in books and in every medium of communication between our minds and others. All we have to do is to accept this predigested nourishment and ask no questions. We could live a whole life without ever making a really individual response, without providing ourselves, out of our own experience, with any of the material that our minds work on. Many of us seem to be just this kind of spiritual parasites.—Atlantic Monthly.

Lloyd's Bet.

When a ship is posted at Lloyd's a bell is tolled once. In the very unusual event of a vessel arriving in port after being posted the bell is struck twice and the caller makes his announcement from the rostrum amid a breathless silence. On the day insurance money is payable all who were on the missing ship are legally considered dead.

GRAIN AND PROVISION PRICES

St. Louis Woman Before Wage Probe Committee.

TIPS AVERAGE DOLLAR A DAY

Frail Little Girl Testifies She Works in Store for \$3 a Week, All of Which She Pays to an Aunt for Board—Another Works at Same Place for \$2.50 a Week to Help Support Family.

St. Louis, May 24.—That the work of a waitress is the best employment for a girl; that the low wages paid domestic servants in the rural districts is one reason why country girls seek employment in the city and that the girls in steam laundries work in such intense heat that they often faint at their work was testified before the Missouri senate wage investigation committee.

The testimony as to the relative desirability of work in a restaurant for a woman was given by a girl employed at the Gem restaurant here.

She said she was paid \$7 a week and that her tips average a dollar a day. She lives with her cousin, who works at the same restaurant during the noon lunch hour. She pays the cousin \$3 a week for taking care of her eleven-year-old daughter.

"I manage well," she said. "I stop and think twice before I buy. I work ten hours a day. Our room costs \$2.50 a week and it is good enough for a working girl. I am in it only at night. I get all my meals at the restaurant. I manage to have a suit for Sunday and a suit for work."

Recommends Waitress Work.

"My employers treat me well. I have a little bank account. Waitress work is the best there is for a girl if she has nobody but herself to look out for."

A frail little girl, who looked so thin that State Senator Kenny asked her if she had been sick, testified that she worked in a store for \$3 a week, all of which she pays to an aunt for board. A fourteen-year-old girl said she went to work at the same store recently for \$2.50 a week. She said her mother is sick and that she has to work to help her father support the family.

A girl, twenty-four years old, buyer for the fancy goods and pattern department at the same establishment, said she gets \$10 a week and that the average wage of the salesgirls there is \$6 a week.

A sixteen-year-old girl employed in a department store testified that she gets \$6 a week salary and commission that increases her earnings almost to \$8 a week. When ill recently she paid \$3 a week for a room in a hospital in addition to the doctor's bill. She received no salary during her illness, but drew \$10 from a benevolent aid organization in the store.

Edward Kreuger of 914 6th street south and who is a miner in a responsible position with the Barrows mine, has bought of P. B. Nettleton the house and lot known as the Tamarack street, consideration being \$900. He will move in about June 10th. Thus does the Barrows mine add one family to the population of Brainerd.
Muresco Sanitary Wall finish is sold only by D. M. Clark & Co.—Adv. 249tf
On Friday evening M. W. Rice closed a deal with P. B. Nettleton for the cottage and lot near the high school, being 707 South Broadway, consideration \$750. Mr. Rice is with the Hess barber shop at corner 7th and Front streets. His wife will join him about June 15th and begin housekeeping in their new home. Thus does Brainerd keep growing.
Sam Fullerton, state fire marshal, of St. Paul, is in the city attending to matters pertaining to his department. Mr. Fullerton has a great reputation as a detective and took a prominent part in the Dumas prosecution, also in tracking the man who set fire to hay sheds near Aitkin and also lately in the discovery of several arson cases covering pickling works in southern Minnesota. Mr. Fullerton has a quiet, unassuming way about him which produces results and secures the necessary evidence to convict persons charged with arson.
4 room house for rent on S. 5th St., \$6. Nettleton. 291tf-wtf
Frank E. Oberg of Deerwood, who has traveled in Iowa in the interests of the Gopher Mining Co., piloted to the range today a party composed of Mr. and Mrs. M. W. Polling, of Harlan, Iowa; Mr. and Mrs. Edward Turner, of Colfax, Iowa; Mr. and Mrs. George Urquhart, of St. Paul; Donald Quinlan and H. F. Weasel of St. Paul. Mr. Urquhart expressed himself as pleased with the developments visible in Brainerd and commented on the buildings recently erected including the Iron Exchange building. He said they followed with interest the mining news of the Brainerd Dispatch.

What a Heap of Happiness it Would Bring to Brainerd Homes
Hard to do housework with an aching back.
Brings you hours of misery at leisure or at work.
If women only knew the cause—that Backache pains often come from weak kidneys.
"Would save much needless woe."
Doan's Kidney Pills are for weak kidneys.
Many residents of this vicinity endorse them.
Mrs. Hattie Wandrie, Crosby, Minn., says: "For the past two or three years I suffered a great deal from pains through the small of my back and sides. I was also subject to headaches and my whole system seemed to be disordered. The kidney secretions were irregular in passage and caused me much annoyance. I finally procured a supply of Doan's Kidney Pills and in a short time after beginning to use them, I felt better in every way. Doan's Kidney Pills have my highest endorsement."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

M. & I. RAILWAY CUT-OFF WORK

Crew of Swampers Set to Work This Morning on the Right of Way West of Brainerd

A. GUTHRIE & CO., CONTRACTORS

C. W. Mowery, of St. Paul, Assistant Engineer of the M. & I., Supervises Contractors

Swampers this morning commenced clearing the right of way for the new cut off, 5.8 miles in length, which the Minnesota & International railway proposes to build from West Brainerd to Leaks.

To A. Guthrie & Co., of St. Paul, was awarded the contract for clearing, grubbing, grading and construction work of the cut off. A camp will be built near the Northern Pacific railway hospital in West Brainerd and when additional crews are added a camp will be constructed at the other end also.

C. W. Mowery, of St. Paul, is the assistant engineer of the Minnesota & International railway, who will have supervision of the work. He has removed his family to Brainerd and resides in the Batcheller house on the north side.

CONCERT WELL ATTENDED

Olav Thorshaug a Great Folk-Dancer and Nils Borge an Eight String Violin Player

The folk-dancers and concert given by Olav Thorshaug and Nils Borge at the Citizens State Bank hall Friday evening were well attended and the audience was highly pleased and assures these artists that their next visit to Brainerd will be greeted by still larger attendances.

Thorshaug is a renowned folk-dancer who holds the world's record for the "Hallingkast," nine feet high. The smoothness of the floor of the hall prevented him from presenting some of his best performances. Borge rendered a large number of Norwegian airs, fantasy pieces and folk-music. He was especially good in his rendition of "De tre Budøler" by Sjur Helgeland, using an eight string violin. Messrs. Thorshaug and Borge were also in violin duets.

DELEGATES ELECTED

To Attend the Little Falls District Convention of Modern Woodmen on Monday, June 2

Brainerd Camp of the Modern Woodmen held a meeting last evening and discussed insurance matters pertaining to the order. Delegates were elected to attend the district convention called at Little Falls on Monday, June 2, which is to decide if the Woodmen of this section wish to remain with the national organization or whether they wish to form a new state organization.

The delegates elected are J. S. Robertson, G. H. Woerner, A. L. Hoffman, Henry Squires, F. Hagenbart, J. G. Twist, C. W. Eastman, A. J. Starritt, C. E. Peabody and John Cochran.

The alternates are Joe Weber, Geo. Fricker, Joe Hass, John Hartell, William Stearns, Francis Britton, Chas. Cole, William Clark, A. C. Ford and L. O. Johnson.

The honorary delegate is Attorney Jay Henry Long of Minnesota Camp No. 169 of Slayton.

The camp had a rousing meeting and there were members in attendance, who were roused to activity by the vigorous advertising campaign of Neighbor A. L. Hoffman.

COMPLIMENTS DISPATCH

Walter B. Nettleton, of Schwager-Nettleton Mills, of Seattle, Writes Interesting Letter

Walter B. Nettleton, partner in the Schwager-Nettleton mills of Seattle, whose sawmill operations were described in the Dispatch, has written a letter thanking the Dispatch for the writeup. Mr. Nettleton, who is the son of P. B. Nettleton of this city, says:

"Your notice of our business in your issue of May 14th has been sent me by my father, and I appreciate very much your interest as shown in the publication of this article. I wish to thank you very much for it. It looks as though your city would soon come into its own through the iron mines which surround it, and I trust that it will have every success of which it dreams. With best wishes for the prosperity of your own interest, we are Yours truly,

Schwager-Nettleton Mills,
By Nettleton.

SOO HAULING LARGE TONNAGE

2,000 Tons a Day Shipped From Rogers, Brown Ore Co. Properties on North Range

SHOVELS SOON TO BE WORKING

Vermes-Cuyuna Mining & Development Co. on Its Tenth Hole—The Ore Finder Described

Prominent among the visitors on the Cuyuna iron range this week was President Pennington, of the Soo Line, who in company with George H. Crosby visited many of the properties now shipping and whose tonnage is handled by the Soo. Accompanying Mr. Pennington was O. W. Johnson, the Soo ore traffic manager who has charge of shipments from the Cuyuna and the Gogebic, Mich., ranges.

The Soo is hauling at present, 2000 tons a day hoisted by the Rogers, Brown Ore Co. mines, the Kennedy, Armour No. 1 and Armour No. 2. Two shovels are to be installed to burrow after the stockpiles, one at the Armour No. 2 and one at the Thompson mine of the Inland Steel Co. The Thompson is now hoisting 900 tons a day. When the steam shovels add their work to that of the hoists, shipments will be materially increased from the range.

The Cuyuna-Mille Lacs mine is loading by hand two cars a day. Their stockpile contains 15,000 tons of ore.

The entire north range is a hive of industry. All the producing mines are working full crews.

The Pennington is continuing its favorable results achieved by the easy sinking in dry, sandy ground and the ore bed will soon be uncovered in this pit mine and shipments made.

The Pittsburgh Steel Ore Co. hydraulic mine has uncovered ore and the overburden is being rapidly reduced.

The Carlson Exploration company has three drills at work in sections 17 and 18, township 47, range 29.

John J. Stone, of Duluth, has been elected president of the Iron Mountain Mining company, succeeding William Brown, of Hibbing. The mine in section 33, township 47, range 29 has Captain J. A. Hoskings of Hibbing as its superintendent and Captain Charles Anderson, of iron ton in charge of operations. The old shaft, down to a depth of 120 feet, will be used as an air, water and timber shaft. Within 75 feet the new three compartment shaft is being sunk. A modern sinking pump has been installed to handle all the water. It is hoped to ship manganese ore by the time the Soo line connects with the property.

The Vermes-Cuyuna Mining & Development company, which numbers many Brainerd men as officers and stockholders had a meeting at the home of the vice president, J. F. Dykeman in Brainerd. About forty were present. Officers will be elected in June. The tenth hole is now being sunk on the company's north range property in section 8, township 46, range 29, and ore has been struck at a depth of 100 feet.

Two Brainerd men, skilled in the use of the dip needle and often employed by the late Judge G. H. Holland who owned much iron land, have perfected what they believe is an ore locator and two other Brainerd men of means have bought an eighty near Merrifield on the Minnesota & International railway and after using the indicator the Duluth Diamond Drilling company spotted a drill on the point indicated. Now everyone

is awaiting with breathless interest the results of the operations. So confident is one of the promoters that he can get the width and depth of iron ore by his ore finder, that he believes in time that the drill will simply be used as a check to the work of the finder which will give all the mentioned information except phosphorus. Its operation may turn out a joke, but nevertheless range men are keeping an eye on the thing.

On the south range the Clearwater district is the center of some activity. F. L. Pitt, of Deerwood, has a drill in section 15, township 46, range 28. Getach & Greeley, of Nashua, Iowa, will also soon drill in the same section. The Stowell Exploration company has two drills in section 9, township 45, range 28 and one on the Belle Mack farm north of Bay lake, in section 4, township 45, range 28. A drill will soon be placed by other parties in section 32, township 46, range 28.

The Adams shaft at Oreland is down 34 feet in the slate wall, having broken the seal. Very little water has been encountered by Contractor Buzzo, who has charge of the work of sinking.

The Barrows mine of the Virginia Ore Mining Co. has its share of tribulations, having a lot of water to contend with again. The big 3,000 gallon pump is working heroically to clear the water out of the shaft.

R. J. Whiteside, of Duluth, has drills at work in sections 14, 15 and 22, section 29, township 138 and drills of other parties are soon to be placed in operation.

The Iron Valley Mining Co. has a drill working in section 10, township 43, range 32. T. E. Welsh and Hugo Schwartzkopf of Brainerd, are heavily interested in the company.

H. B. Blackwood has released his option obtained from Frank and O. Lindstrom and situated in the southwest quarter of section 19, township 47, range 28.

The Brainerd Townsite company has platted the Cuyuna Range addition to Brainerd in the north half of the northeast quarter and the southwest quarter of the northeast quarter of section 30, township 45, range 29. There are about 40 blocks in the subdivision lying east of the Northern Pacific railway shops and foundry and suitable for business and residence lots.

H. E. Peterson has assigned to Jas. E. Peterson his option on the south half of the northeast quarter and the south half of the northwest quarter of section 20, township 47, range 23.

J. A. Stetson, of Deerwood, has released to Anton Mahlum of Brainerd his option on part of the southeast quarter of the northwest quarter of section 30, township 45, range 29.

Henry I. Cohen of Brainerd, has sold to W. J. Thompson an undivided 3-8 interest in the southeast quarter of the northeast quarter and lot 2 of section 20, township 135, range 27. Tilla Olander has sold to Olaf A. Olson an undivided 1-5 interest in the minerals in the west half of the northeast quarter, the southeast quarter of the northwest quarter, the northeast quarter of the southwest quarter of section 4, township 136, range 26. Thomas S. McGuire has sold to Frank Zechlin an undivided 1-12 interest in the northwest quarter of the southeast quarter and the southeast quarter of the southeast quarter of section 30, township 137, range 26.

COUNTY SUNDAY SCHOOL CONVENTION

Dr. M. S. Rice, of Duluth, Will Deliver Address at Opening of the Meeting

TO BE HELD HERE JUNE 17 & 18

Conference to be Conducted by Dr. W. S. Bowden Vice President of State Association

The Crow Wing county Sunday school association will hold a convention in Brainerd on June 17 and 18.

Dr. M. S. Rice, of Duluth, has been secured to give an address on the afternoon of the first day on "Adult Bible Class Work," and in the evening will give what is perhaps one of the strongest presentations of Christian work given today, entitled, "The Expected Church."

Dr. W. S. Bowden, of Duluth, who is the vice-president of the state association and chairman of the secondary division, will conduct one of the conferences.

The meetings will be held at the Seventh Street Norwegian Lutheran church. The committee expects to have as a speaker on the second day of the convention an orator of national reputation.

The county president is visiting every school in the county before the convention. He is accompanied by other workers and the schools of Crow Wing county are being organized as never before. It is expected the convention will be attended by delegates from every school in the county, there being 29 schools at present in the association.

Chicken Farm For Sale

On Lake Hubert, one and a half miles from station, fully equipped for raising 1000 chickens.

Good house and all buildings new. Two acres of land lake front on Little Hubert and Hubert lakes. Inquire Mrs. L. E. Thayer, box 65, Hubert, Minn. Advt.—29716-w2

Complete freedom of movement, correct deep breathing and graceful, easy carriage all come naturally to the woman properly fitted in one of the many models of

W.B. Corsets

They gently grade off the curves, molding the figure without pressure into smooth sweeping lines. Every height of bust, every type of waist, with a comprehensive assortment of hip styles, will be found here so that every woman can be properly fitted.

We recommend W. B. Nuform Corsets because of their superior quality and because they give absolute satisfaction. Comfort from the very first, they retain their shapeliness until ready to discard them—made with lines which follow the modeling of the figure, and at bust and hips the corset fits firmly without strain or pressure—a correct model for every figure.

Measure Paint Value by the Time it Lasts Not by first cost

DON'T think "paint is paint." There are as many different qualities of paint as there are manufacturers of that staple product. Some paint is put out to sell at a price, no matter how cheap—the ingredients are a secondary consideration.

Now, Bridgeport Standard Prepared Paint is "made up to a standard, not down to a price." If there were any way of making it better; if there were any way to improve its quality; if anything could be done to enhance its value, it would be done.

Bridgeport Standard Prepared Paint is made from scientific formulas of the best ingredients obtainable, and when properly applied will outlast any other paint on the market. It will hold its appearance longer, and the house painted with it will require repainting less frequently than if any other paint is used.

You may be able to buy prepared paints that cost you less per gallon, but they will cost you more per year.

For Sale By
C. M. Patek & Son.

BRAINERD PLAYS CROSBY SUNDAY

A Good Game is Anticipated and Crosby Hopes to Win in This Return Game

COOK TO BE ON THE MOUND

Probable Line Up of the Brainerd Team for the Game—Some Sport Notes

The game Sunday between Crosby and Brainerd is anticipated to be a real struggle for supremacy and Crosby is really confident that it can beat Brainerd. The battery of the range town has been strengthened and it is said a league catcher has been obtained.

Siebert, the young mining engineer of the Thompson mine, may pitch and in addition the team has a Duluth pitcher.

The infield and the outer garden of Crosby have been strengthened. Brainerd will have Cook on the mound, the man who, more than any other, piloted Brainerd to victory in the race for last year's pennant in the Central Minnesota baseball association.

No information has been gleaned as to the Crosby line up. George Ridley, George Anderson and other Brainerd men were at Crosby Thursday and said the town is backing the team and most of Crosby may be over to see the game.

The Brainerd line up, which, however may be subject to changes, is:

George Erickson, left field; Callan, center field; Richard Bush, shortstop; Cook, pitcher; Templeton, third base; Bud Roderick, catcher; Kalland, first base; Ira Roderick, second base; Zierke, right field.

Tom Considine, who has always given satisfaction, will officiate as umpire.

Frank Larson, also known as Murphy, who has been playing with Grand Forks in the Northern league, has severed his connection with that team and will next week join Brainerd and resume his station on second base. In that position Larson played a star game last year. He covered a lot of territory, fielding fine and also showed up well as a hitter. He will be with the team to play in the series May 30, 31 and June 1. The infield may then be changed to Larson second base, Ira Roderick shortstop, Rogers first base and Templeton third base.

Brainerd Speedwells

The Speedwells are a junior organization and are all that their name (Speedwell) expresses. They have been organized for the past three seasons and have always played clean, honest and snappy baseball. The manager of the team is George Erickson, and their captain is John Cuddihy, Jr. The line-up is as follows: Pitcher, Frank Butka; catcher, Art Thoe; catcher, George Fricker; 1st base, Ole Larson; 2nd base, John Cuddihy; 3rd base, Ted Stallman; shortstop, W. Benda; left field, Ludwig Dahl; center field, Caleb Thoe; right field, Laurence Clark.

This season has been started very successfully and in fact if they continue the same they bid fair to land at the top in amateur baseball in Brainerd.

Mack Defines an Amateur

Connie Mack, a gentleman who has had experience managing football and baseball teams, has his own idea of what a simon-pure amateur is. Connie's definition is new. Here it is:

"A simon-pure amateur is an athlete who pays another man for the privilege of playing."

CROSBY GUN CLUB

David J. Severance Elected President of Club of Thirty Members

Crosby, Minn., May 23—The Crosby Gun Club has perfected a permanent organization. At an adjourned meeting at the Commercial club officers for the ensuing year were chosen as follows:

David J. Severance, president; C. A. Lewis, vice president; H. W. Haswell, treasurer; Baxter A. Smith, field captain.

A committee composed of David J. Severance, John S. Lutes, and Baxter A. Smith was appointed to draft by-laws and report at the next meeting. The club starts off with a paid-up membership of 30 and there will likely be a material addition to the roster before the next meeting, which will be held May 28.

The club expects to have its first practice in about two weeks.

CROSBY NINE

Commercial Club Gives the Regular Team \$25—Others Donate to Subscription List

Crosby Crucible: With twenty-five dollars from the Commercial club to start with Manager Warren passed a subscription paper during the week and secured money enough to clean up all of the indebtedness left over from last year, and the team will be able to start without debt this season. With any kind of support the team will be able to keep clear this season, and it will be able to put up a better class of baseball than was ever seen in Crosby.

The Empress theater was engaged for Friday evening, May 16, and a splendid program given, the net proceeds going to the Crosby ball team.

THE SIDE SHOW

The ball game between the Y. M. C. A. and the M. & I. clerks team is scheduled for Monday afternoon at 5:30.

Thursday, May 22, Philadelphia blanked Detroit by a 7 to 0 score. Zamloch, Missoula's former pitcher and team mate of Leslie Bush, pitching for Detroit. Leslie Bush, on the various occasions he has been sent in the game, has given a good account of himself. He was out a few days on account of a small injury to his arm, Connie Mack telling him to rest up until he had entirely recovered.

Raymond Haimbaugh, crack two miler of the University of Michigan, ran a race with a broken ankle and won the event. Two weeks previously he ran a race and was injured and paid no attention to the matter until an X ray examination revealed the fracture.

Talk about pinch hitters! Washington of the American league has them. In the ninth inning rally of the May 21 game between Washington and Cleveland, Williams went in as a pinch hitter and hit a home run, driving in the two runs that tied the score. Walter Johnson then went in to pitch for Washington and held Cleveland scoreless in the tenth inning. Washington wound up the game with the score 3 to 5 in its favor.

Of Dretchko, who has pitched for Royaltan in Brainerd games, the Minneapolis Journal says: "The Minneapolis Elks, No. 44, will meet the North Side Athletics at Minneapolis on Sunday afternoon at the North Side park, Minneapolis. Twenty-fifth avenue north and Washington. The contest bids fair to excel any independent games played this season, as both teams comprise the best players now in the city. Alvin Dretchko, the former Northwestern league hurler, who, by the way, is considered one of the best pitchers ever turned out of the University of Minnesota, will do the flinging for the Elks. Dretchko is a left-hander who is good enough for any minor league but has a responsible position and does not figure everyday baseball lucrative enough.

Rube Waddell, who jumped his job in the Northern league, has been picked up by Virginia.

The general averages on the number of fellows thrown from speeders on the M. & I. is being compiled by a statistician from Bemidji and will be published soon.

When you cannot concentrate your thoughts and it seems downright slavery to work and you have lost your appetite and don't know what the matter this spring, grab a fish pole and see if that won't help matters along.

The Cyclone club has been quiescent for a while, but has revived since Carl Neumann returned from Minneapolis.

The Ransford hotel lobby is a great center for chess experts and some of the best in the city have been seen in match games with visitors. Twelve moves an hour has been the record of speed attained.

The Brainerd Tennis club expects to put on a tournament on the Fourth of July and will invite Crosby, Little Falls and Aitkin players. Brainerd played at Crosby last year.

PINE RIVER BALL TEAM

Homer Andrews Chosen President and Manager of the Team—"Doc" Mohler on Committee

Pine River, Minn., May 23—A number of the baseball fans have organized a team for the season. Homer Andrews was chosen as president and manager, Fred Moulster, vice president; Clyde Hall, secretary, and Fred Bush, treasurer. Homer Andrews, "Doc" Mohler and James Ingraham were named as committee on grounds, and Frank Folsom, "Doc" Mohler and Fred Moulster were named a committee on entertainment.

OUTLET FOR EMOTIONS

Athletic Girl Less Liable to Succumb to Temptation Than Non-Athletic Maid

Cambridge, Mass., May 23—That the athletic girl is less liable to succumb to temptation than her sisters who do not go in for athletics is the opinion of Dr. Dudley S. Sargent, director of athletics at Harvard. "The social evils are the result of life's forces being turned into wrong channels," Dr. Sargent says. "The eternal longing to externalize one's self—that is, to find an outlet for the emotions—is an inherent one in human nature. The basic impulse may find healthy expression in athletics or it may find some sinister form."

"Woman is more emotional than man and with her sex attraction is apt to be more blind. Athletics offer the girl who is budding into womanhood the opportunity to acquire not only a sound, healthy body but moral and mental equipoise which I believe can be acquired in no other way. It is certain that girls of athletic tendencies are less liable to go astray because they find in athletics a safe outlet for their emotions. It would seem to be Nature's own scheme for preserving the moral balance."

Sunday School League

Saturday morning the Presbyterian school beat the Seventh Street Norwegian Lutheran school by the score of 7 to 3. The features of the game were the pitching of Worden, Bronson and John Olson for the Presbyterians and a catch of a difficult fly in center field by Percy Carbine.

Tuesday evening the Baptists will play the Seventh Street Norwegian at the Koefing grounds and Saturday morning the Presbyterians will play the Congregationalists at the same grounds.

The percentage column reads:

	Played	won	lost	Pct.
Presbyterians	2	2	0	1000
Baptists	1	0	1	000
7th St. Norwegians	1	0	1	000
Methodists	0	0	0	000
Congregational	0	0	0	000

\$10 A WEEK

That's all Ty Cobb Would Get Under State Law if He Was Hurt

Lansing, Mich., May 23—Should Ty Cobb, world's champion batsman and star player of the Detroit baseball team, be injured while under contract with President Navin of the Tigers, he would be entitled to only \$10 a week compensation, according to information received here. President Navin has notified the industrial board of his intention to place all his players under the provisions of the state workmen's compensation law.

Cobb is supposed to draw a salary of about \$2,000 per month or \$500 a week. If injured he ordinarily would receive his full salary while on the bench but under the state law Cobb's salary would not be paid.

JAPANESE DINE
AMERICAN ENVOYGeorge W. Guthrie Guest at New
York Banquet.

CHICAGO PROFESSOR SPEAKS

T. Iyemaga Deprecates Land Legis-
lation in California and Touches on
the Friendship Between America
and Japan—Lloyd Grieco is Toast-
master and Ambassador Guthrie Dis-
cusses Trade.

New York, May 24.—Expressions of
good will between the United States
and Japan and hopes of continued
friendly relations were voiced by
speakers at a luncheon given by the
Japanese society to George W. Guthrie
of Pittsburgh, newly appointed
ambassador to Japan. Toasts to the
Japanese emperor and the president
of the United States were drunk in
grape juice.

Lloyd Grieco acted as toastmas-
ter. Among the speakers was Pro-
fessor T. Iyemaga of the University of
Chicago.

The root of the California legisla-
tion, Professor Iyemaga thought, was
the race question.

"There is not the least doubt," he
said, "the procedure of California has
stirred deeply the hearts of the Jap-
anese people."

"This blow is more keenly felt be-
cause it comes from the Americans,
upon whose friendship and good will
they have implicitly relied."

Opened Way for Her Career.

"America introduced Japan to the
world and thus opened the way for
her remarkable career during the last
half a century. When Japan was
struggling hard to break off the yoke
of old treaties, concluded when diplo-
macy was an unknown science,
America was among the first to re-
cognize the justice of her contention."
"When we fought Russia, America
gave us ungrudgingly her moral and
financial support. To crown all
America first affixed her seal to the
treaty which gave us tariff autonomy
and a full recognition of our equality
with the great powers."

"What we ask for now is not sooth-
ing words, but the substance of jus-
tice. I have, therefore, every reason
to believe that President Wilson will
not cease his labors until an adjust-
ment satisfactory to the Japanese
people is made."

Ambassador Guthrie in his address
referred to the illness of the em-
peror of Japan and expressed a hope
for his speedy recovery. The am-
bassador's remarks had chiefly to do
with the extension of America's trade
abroad.

BRITISH PRESS IS ANXIOUS

Fully Realizes Possibilities of the
Japanese Alliance.

London, May 24.—The powerful
English organs just appear to be
awakening to the possibilities of the
alliance between Great Britain and
Japan.

"The prospect of a war in which
Great Britain would be fighting for a
principle that is an anathema to her
own dominions," says the London
Spectator, "is causing much anxiety
throughout the British empire."

"We doubt whether the empire could
survive such an outrage to the feel-
ings of a large and important part of
its white population," says the Spectator.

The Saturday Review urges Great
Britain to stand by the alliance with
Japan, "because America is working
for supremacy in the Pacific on lines
that are unfriendly both to Great
Britain and Japan."

PAGE DODGES INTERVIEWER

New Ambassador to Great Britain
Reaches Queenstown.

Queenstown, Ireland, May 24.—Wal-
ter Hines Page, the new United
States ambassador to Great Britain,
parried all attempts of newspaper
men to obtain an interview when he
arrived here on board the Baltic from
New York.

He contented himself with the re-
mark that his constant endeavor
while holding his office would be to
"maintain the more than friendly re-
lations between the United States
and the United Kingdom, which had
happily continued for such a long
time."

The American consul here went on
board the Baltic while she was off the
port and delivered a package of dis-
patches to Ambassador Page.

TWENTY STUDENTS HURT.

Akron, O., May 24.—Twenty
students of the Central and
South high schools were in-
jured when a balcony in the
auditorium at the Central high
school collapsed. The stu-
dents were rehearsing the
oratorio "Samson." Although
many of the students, most of
whom were girls, were seri-
ously injured it is not believed
that any will die.

HENRY U. MUDGE.

President of the
Rock Island Road.

OPERATE LINE IN SIX WEEKS

New Route From St. Paul to Kansas
City Open July 1.

Chicago, May 24.—Announcement
was made by officials of the Chicago,
Rock Island and Pacific railway that
the new line of the company between
the Twin Cities and Kansas City will
be opened for operation July 1.

According to President H. U. Mudge
it will be the shortest route between
Kansas City and St. Paul and Minne-
apolis. The St. Paul and Kansas City
short line, formerly known as the St.
Paul and Des Moines railway, was pur-
chased by the Rock Island company
some time ago to complete the line be-
tween the three cities.

A stretch of track between Carlisle
and Allerton, Ia., has been built by
the company at a cost of \$4,000,000.

MONTANA SENATOR
SCORES FREE LIST

May Join Louisianans and Vote
Against Bill.

Washington, May 24.—Wool and su-
gar, the stumbling blocks of the tar-
iff bill, held the attention of the sen-
ate finance subcommittees and sena-
tors in general.

Great interest was attached to a
published statement by Senator Walsh
of Montana, condemning the proposi-
tion to put wool and sugar on the free
list, which gave rise to a report that
he might join Senators Ransdell and
Thornton of Louisiana and vote
against the bill.

In that case the senate Democratic
majority being only six, the vote on
the tariff bill would be a tie, neces-
itating the vote of Vice President Mar-
shall to pass it.

Should this develop there are some
Democrats who believe that Senator
Poincaré of Washington, the only
avowed Progressive in the senate, will
vote with them on the bill. This would
give away for another Democrat to
desert in the final vote.

AGED MAN ADMITS SLAYING

Killed Poor Farm Inmate at Duluth
With Cuspidor.

Duluth, May 24.—"Yes, I've said it,
that I killed the man. I'm sixty-four
years old. You can do what you like
with me. I don't care; I won't live
to be more than seventy years any-
way."

This was the confession of Peter
Perelli to Judge Dancer in district
court when he pleaded guilty to a
charge of manslaughter in the first
degree.

Perelli, because he had been called
"Macaroni," hurled an iron cuspidor
at Michael Lenovitch, a fellow inmate
at the poor farm, March 26. The
blow was fatal.

MIKADO IMPROVING.

San Francisco, May 24.—The
following cablegram from To-
kyo was received by the Jap-
anese New World, a newspaper
published here: "According
to official announcement it is
expected the emperor will re-
cover in from two to three
weeks and will completely re-
gain his health."

MOORHEAD BANKER IS DEAD

L. A. Hutton Well Known in North-
ern Minnesota.

Moorhead, Minn., May 24.—L. A.
Hutton, one of the best known bank-
ers in Northern Minnesota, president
of the First National bank of Moor-
head, resident director of the Moor-
head normal school and appointed
about two weeks ago by Governor
Eberhart as a member of the new
educational board of the state, died
here. He was fifty years of age.

Death was due to complications fol-
lowing an operation. His death was
not expected and comes as a shock to
all who knew him.

NEW SENATORS
GOOD TALKERS

They Refuse to Be "Seen and
Not Heard."

TRADITION IS DISREGARDED

Newly Elected Members Formerly
Were Supposed to Be Silent Until
They Had Become Accustomed to the
Ways of the Senate, but Now
They Speak.

By ARTHUR W. DUNN.

Washington, May 24.—[Special.]—
New senators are going to be heard as
well as seen during this first session
of the Sixty-third congress. Already
nearly all the new senators have come
across with speeches of varying length.
They have not waited until they had
"become accustomed to the ways of
the senate," as was the tradition of
the past, but they have been in with
their long and short talks "right off the
bat."

It has been observed that former
members of the house have been most
ready talkers. We have heard from
Shafroth of Colorado, James of Ken-
tucky, Ransdell of Louisiana, Hughes
of New Jersey, Goff of West Virginia,
Norris of Nebraska, all former mem-
bers of the house and now at this ses-
sion. Then one day Sherman of Illi-
nois, the newest of all, broke in and
showed that he knew a lot about the
tariff, especially about the pending bill.
He even elicited questions from the
oldest members of the senate, showing
that the new men are not to be
"hazed" because they talk.

Timidity in the "Crow's Nest."

Joseph Patrick Timulty, secretary to
the president, is quite democratic and
modest in his way. He wanted to lis-
ten to the senate debates, and, instead
of going on the floor, as was his privi-
lege, or getting in the executive seats,
also his privilege, or in the reserved
gallery or even in the press gallery,
where he would have been welcomed,
he was found in the men's public gal-
lery, the one generally occupied by the
colored brother and which Colonel Dick
Bright called the "crow's nest" when
he was sergeant-at-arms of the senate.
Secretary Timulty just wanted to hear
the tariff talk and asked no favors.

A Smoot Speech.

A speech by Senator Reed Smoot of
Utah when it appears in the Record
always looks as if the other senators
made it for him, particularly if it is
upon the tariff. There have been
Smoot speeches of two days' length
that were entirely by Smoot, but they
were on some complicated thing like
printing or some other uninteresting
and little understood subject.

Now, everybody concedes that Smoot
is a tariff expert, and as soon as he
begins talking tariff all the other ex-
perts (and there are ninety-five of
them) immediately try to get in and
have their say also. Consequently a
Smoot speech on the tariff is a running
joint debate in which Smoot begins,
but in which nearly everybody else
takes part.

Same Old Methods.

It is found that the Democrats are
adopting the same methods employed
by the Republicans four years ago in
making a tariff bill. The differences
in the house were so slight as not to
be noticeable. In the senate the Dem-
ocratic members of the finance com-
mittee have been hearing the people
interested in the tariff "privately," and
they are criticised by the very men
who held the private hearings four
years ago. Human nature is pretty
much the same, no matter what brand
of politics it wears.

"Hard to Abolish a Job."

"It's the same old question," said
Jim Mann. "It's hard to abolish a
job." The proposition to diminish as
resignations or terms of service expire
of six of the eleven members of the
board of managers for the soldiers' homes
throughout the country was under
consideration. Men from districts
where such homes are located fought
the abolition of these offices. The sen-
ate stood firm against decreasing the
offices, but Chairman Fitzgerald was
persistent in having them abolished.

Told It to the Publishers.

Former Congressman Wise, who died
a short time ago, was once invited to
address the Periodical Publishers' as-
sociation at one of its banquets. He
told a very funny story of days after
the civil war in Virginia, causing the
assembled company of publishers, edi-
tors and magazine men generally to
roar with laughter.

"Thank you," said Wise. "I thought
that was a funny story, a good story,
and I once wrote it out carefully and
have sent it to every magazine and
editor who sits here, and each time it
was returned with thanks as being un-
available. So, when you invited me to
speak here, I determined to make you
listen to it for I am convinced you
never read it while it was circulating
among you for so many months."

Predatory Animals.

All the noxious animals are not
"bulls" and "bears" and such "preda-
tory plutes" as have been mangled in
many speeches. Senator Catron of
New Mexico and other western mem-
bers are trying to have the government
go after predatory wild animals which
prey upon the domestic animals of
the settlers in the west.

A Healthful Spot.

Inverness, in the Scottish highlands,
is the healthiest town and has the low-
est death rate in the world.

ELBERT H. GARY.

Steel Magnate to Give
No More Secret Dinners.

GARY QUOTES MR. WILSON

Steel Corporation Head Cites Presi-
dent's Statement.

New York, May 24.—E. H. Gary,
chairman of the United States Steel
corporation, quoted President Wilson
at the annual meeting of the American
Iron and Steel Institute as saying that
honesty had nothing to fear from the
Democratic administration and added:
"Let us accept that statement as com-
ing from President Wilson to mean
just what he said and let us
feel assured."

When Judge Gary took his seat a
moment later a resolution calling for
public meetings of the institute here-
after, instead of executive sessions,
was adopted unanimously. This will
abolish the so called Gary secret din-
ners.

ROUNDS UP THREE
YOUTHFUL BANDITS

Illinois Posse Captures Two of
Them in Swamp.

Joliet, Ill., May 24.—Swimming
and wading through swamps and the Illi-
nois river two of four Chicago youths
were captured by a posse under Sher-
iff Joseph Francis and charged with
having robbed a branch postoffice in
Ottawa, Ill., and many business houses
in Morris, Ill.

Forty-five dollars was taken from
the postoffice in Ottawa and several
hundred dollars from business houses
in Morris. The prisoners gave their
names as Charles McKay and Fred
Moon. Joe Hess, alleged leader of the
band, was captured later while trying
to make his way openly through the
streets.

In Morris, where the alarm was
raised, the quartet fled to the river
ahead of a posse. Two of the men
climbed in a boat but in the center of
the stream it was upset. The men
swam ashore and then fled through a
swamp. The name of the fourth was
given by those captured as "Snake."

GUSTAFSON FOUND GUILTY

Convicted of Murder of William Dar-
ling in Minneapolis.

Minneapolis, May 24.—Gust Gus-
tufson, on trial on a charge of having
murdered William A. Darling, was
found guilty of murder in the first
degree.

Life imprisonment is the statutory
penalty.

The crime occurred the night of
March 23, when Darling went out of
the house where he roomed on Nicol-
let island to look for a man whom
his landlady thought she saw prowling.
As he approached a shed in the
rear he received a bullet through his
body and died shortly after reaching
a hospital.

Drowns in Irrigation Ditch.

Livingston, Mont., May 24.—The
three-year-old daughter of T. W. Fus-
selman, a Northern Pacific official in
the supervisor's office, toddled into an
irrigation ditch within 100 feet of her
home and was drowned.

SAYS WAITRESS
WORK PAYS BEST

ONE MAN DIES IN MINE FIRE

His Companion Is Saved by Use of
an Oxygen Machine.

Herrin, Ill., May 24.—One life was
lost and another saved after the use
of an oxygen machine in a fire which
broke out in the mine of the Illinois
Hocking Valley Wash Coal company.
Two miners entrapped by the flames
were taken from the mine, both un-
conscious. Ed Duncan, forty years
old, died a short time after being
brought from the mine. His brother
John, twenty years old, was restored
to consciousness.

The fire is believed to have started
in the mule stable, where seventeen
animals were burned to death.

ONE BOY LEFT AIDS PARENT

Sisters and Brother Were Murdered
by Father.

Chicago, May 24.—Although his two
sisters and an infant brother had
been murdered by his father John
Meutach testified in his father's be-
half that a street car accident had
caused his parent to become insane.

William H. Meutach, the father, is
suing the street railway company for
\$75,000 because, he charges, the ac-
cident to him caused him to murder
his children while he was out of his
mind.

JURY PROBES GIRL'S DEATH

Factory Superintendent and Watch-
man Charged With Crime.

Atlanta, Ga., May 24.—A grand jury
has begun an investigation of charges
against Leo M. Frank, superintendent
of the National Pencil factory, and
Newt Lee, negro night watchman at
the factory, who were held by the
coroner's jury in connection with the
death of Mary Phagan, fourteen years
old.

Her body was found in the base-
ment of the pencil factory on April
27.

The Cut and Dried Life.

We are born into a world that is an
inexhaustible store of ready-made ideas,
stored up in tradition, in books and in
every medium of communication be-
tween our minds and others. All we
have to do is to accept this predigested
nourishment and ask no questions. We
could live a whole life without ever
making a really individual response,
without providing ourselves, out of our
own experience, with any of the ma-
terial that our minds work on. Many
of us seem to be just this kind of ap-
tural parasites.—Atlantic Monthly.

Lloyd's Ben.

When a ship is posted at Lloyd's a
bell is tolled once. In the very unusual
event of a vessel arriving in port after
being posted the bell is struck twice
and the caller makes his announcement
from the rostrum amid a breathless sil-
ence. On the day insurance money is
payable all who were on the missing
ship are legally considered dead.

St. Louis Woman Before Wage
Probe Committee.

TIPS AVERAGE DOLLAR A DAY

Frail Little Girl Testifies She Works
in Store for \$3 a Week, All of Which
She Pays to an Aunt for Board—An-
other Works at Same Place for \$2.50
a Week to Help Support Family.

St. Louis, May 24.—That the work
of a waitress is the best employment
for a girl; that the low wages paid
domestic servants in the rural dis-
tricts is one reason why country girls
seek employment in the city and that
the girls in steam laundries work in
such intense heat that they often faint
at their work was testified before
the Missouri senate wage investiga-
tion committee.

The testimony as to the relative
desirability of work in a restaurant
for a woman was given by a girl em-
ployed at the Gem restaurant here.

She said she was paid \$7 a week
and that her tips average a dollar a
day. She lives with her cousin, who
works at the same restaurant during
the noon lunch hour. She pays the
cousin \$3 a week for taking care of
her eleven-year-old daughter.

"I manage well," she said. "I stop
and think twice before I buy. I work
ten hours a day. Our room costs
\$2.50 a week and it is good enough
for a working girl. I am in it only at
night. I get all my meals at the res-
taurant. I manage to have a suit
for Sunday and a suit for work."

Recommends Waitress Work.

"My employers treat me well. I
have a little bank account. Waitress
work is the best there is for a girl if
she has nobody but herself to look
out for."

A frail little girl, who looked so thin
that State Senator Kenny asked her if
she had been sick, testified that she
worked in a store for \$3 a week, all of
which she pays to an aunt for board.
A fourteen-year-old girl said she went
to work at the same store recently
for \$2.50 a week. She said her moth-
er is sick and that she has to work to
help her father support the family.

A girl, twenty-four years old, buyer
for the fancy goods and pattern depart-
ment at the same establishment, said
she gets \$10 a week and that the aver-
age wage of the salesgirls there is \$6
a week.

A sixteen-year-old girl employed in
a department store testified that she
gets \$6 a week salary and commission
that increases her earnings almost to
\$8 a week. When ill recently she paid
\$9 a week for a room in a hospital in
addition to the doctor's bill. She re-
covered no salary during her illness,
but drew \$10 from a benevolent aid or-
ganization in the store.

STATUE OF QUEEN VICTORIA

Plans Worked Out to Erect One at
Washington.

New York, May 24.—Plans for the
erection of a statue of Queen Victoria
in Washington, the presentation of a
statue of Abraham Lincoln to the
British people and the holding of a
historical costume ball, all in con-
nection with the celebration in 1914-15
of 100 years of peace among English
speaking races, were worked out at a
meeting of American committeemen
in charge of preparations for the event.

It was given out that the statue of
Queen Victoria will be erected under
the direction of a committee of wom-
en, whose names will be announced
later.

The Abraham Lincoln statue will be
of heroic size and will be done by one
of the best sculptors in America.
The historical costume ball, to be
given some time next winter, will be
under the auspices of leading society
women in this city. Costumes and in-
cidents of the ball will emphasize the
epoch of peace marked by the celebra-
tion.

People of Chicago have decided to
raise \$100,000 for the celebration in
that city. There will be similar cele-
brations in other cities.

Wisconsin Professor Dies.

Madison, Wis., May 24.—Francis T.
Havard, associate professor of min-
ing and metallurgy at the University
of Wisconsin, died at the St. Mary
General hospital after a week's ill-
ness with pneumonia. He was thirty-

**ALL OF THE VAST FORTUNES
BEGAN WITH THE FIRST SMALL
DEPOSITS START ONE YOURSELF.**

The greatest buildings and monuments in the world began with the first stone in the foundations. They had to begin that way. Same with great fortunes; they must have a beginning. A START is necessary in anything. After the start, things go easier. If you will start a bank account, no matter how small, you'll be surprised to see how rapidly it will GROW, and how much more INDEPENDENT you will feel.

M. & I. RAILWAY CUT-OFF WORK

Crew of Swampers Set to Work This Morning on the Right of Way West of Brainerd

A. GUTHRIE & CO., CONTRACTORS

C. W. Mowery, of St. Paul, Assistant Engineer of the M. & I., Supervises Contractors

Swampers this morning commenced clearing the right of way for the new cut off, 5.8 miles in length, which the Minnesota & International railway proposes to build from West Brainerd to Leaks.

To A. Guthrie & Co., of St. Paul, was awarded the contract for clearing, grubbing, grading and construction work of the cut off. A camp will be built near the Northern Pacific railway hospital in West Brainerd and when additional crews are added a camp will be constructed at the other end also.

C. W. Mowery, of St. Paul, is the assistant engineer of the Minnesota & International railway, who will have supervision of the work. He has removed his family to Brainerd and resides in the Batcheller house on the north side.

CONCERT WELL ATTENDED

Olav Thorshaug a Great Folk-Dancer and Nils Borge an Eight String Violin Player

The folk-dances and concert given by Olav Thorshaug and Nils Borge at the Citizens State Bank hall Friday evening were well attended and the audience was highly pleased and assures these artists that their next visit to Brainerd will be greeted by still larger attendances.

Thorshaug is a renowned folk-dancer who holds the world's record for the "Hallingast," nine feet high. The smoothness of the floor of the hall prevented him from presenting some of his best performances. Borge rendered a large number of Norwegian airs, fantasy pieces and folk-music. He was especially good in his rendition of "De tre Budeier paa Vikafjeld" by Sjur Helgeland, using an eight string violin. Messrs. Thorshaug and Borge were also in violin duets.

DELEGATES ELECTED

To Attend the Little Falls District Convention of Modern Woodmen on Monday, June 2

Brainerd Camp of the Modern Woodmen held a meeting last evening and discussed insurance matters pertaining to the order. Delegates were elected to attend the district convention called at Little Falls on Monday, June 2, which is to decide if the Woodmen of this section wish to remain with the national organization or whether they wish to form a new state organization.

The delegates elected are J. S. Robertson, G. H. Woerner, A. L. Hoffman, Henry Squires, F. Hagenbart, J. G. Twist, C. W. Eastman, A. J. Starritt, C. E. Peabody and John Cochran.

The alternates are Joe Weber, Geo. Fricker, Joe Hass, John Hartell, William Stearns, Francis Britton, Chas. Cole, William Clark, A. C. Ford and L. O. Johnson.

The honorary delegate is Attorney Jay Henry Long of Minnesota Camp No. 169 of Slayton.

The camp had a rousing meeting and there were members in attendance, who were roused to activity by the vigorous advertising campaign of Neighbor A. L. Hoffman.

COMPLIMENTS DISPATCH

Walter B. Nettleton, of Schwager-Nettleton Mills, of Seattle, Writes Interesting Letter

Walter B. Nettleton, partner in the Schwager-Nettleton mills of Seattle, whose sawmill operations were described in the Dispatch, has written a letter thanking the Dispatch for the writeup. Mr. Nettleton, who is the son of P. B. Nettleton of this city, says:

"Your notice of our business in your issue of May 14th has been sent me by my father, and I appreciate very much your interest as shown in the publication of this article. I wish to thank you very much for it. 'It looks as though your city would soon come into its own through the iron mines which surround it, and I trust that it will have every success of which it dreams. 'With best wishes for the prosperity of your own interest, we are

Yours truly,
Schwager-Nettleton Mills,
By Nettleton.

SOO HAULING LARGE TONNAGE

2,000 Tons a Day Shipped From Rogers, Brown Ore Co. Properties on North Range

SHOVELS SOON TO BE WORKING

Vermes-Cuyuna Mining & Development Co. on Its Tenth Hole—The Ore Finder Described

Prominent among the visitors on the Cuyuna iron range this week was President Pennington, of the Soo Line, who in company with George H. Crosby visited many of the properties now shipping and whose tonnage is handled by the Soo. Accompanying Mr. Pennington was O. W. Johnson, the Soo ore traffic manager who has charge of shipments from the Cuyuna and the Gogebic, Mich., ranges.

The Soo is hauling at present, 2000 tons a day hoisted by the Rogers, Brown Ore Co. mines, the Kennedy, Armour No. 1 and Armour No. 2. Two shovels are to be installed to burrow after the stockpiles, one at the Armour No. 2 and one at the Thompson mine of the Inland Steel Co. The Thompson is now hoisting 900 tons a day. When the steam shovels add their work to that of the hoists, shipments will be materially increased from the range.

The Cuyuna-Mille Lacs mine is loading by hand two cars a day. Their stockpile contains 15,000 tons of ore.

The entire north range is a hive of industry. All the producing mines are working full crews.

The Pennington is continuing its favorable results achieved by the easy sinking in dry, sandy ground and the ore bed will soon be uncovered in this pit mine and shipments made.

The Pittsburgh Steel Ore Co. hydraulic mine has uncovered ore and the overburden is being rapidly reduced.

The Carlson Exploration company has three drills at work in sections 17 and 18, township 47, range 29.

John J. Stone, of Duluth, has been elected president of the Iron Mountain Mining company, succeeding William Brown, of Hibbing. The mine in section 33, township 47, range 29 has Captain J. A. Hoskings of Hibbing as its superintendent and Captain Charles Anderson, of iron-ton in charge of operations. The old shaft, down to a depth of 120 feet, will be used as an air, water and timber shaft. Within 75 feet the new three compartment shaft is being sunk. A modern sinking pump has been installed to handle all the water. It is hoped to ship manganese ore by the time the Soo line connects with the property.

The Vermes-Cuyuna Mining & Development company, which numbers many Brainerd men as officers and stockholders had a meeting at the home of the vice president, J. F. Dykeman in Brainerd. About forty were present. Officers will be elected in June. The tenth hole is now being sunk on the company's north range property in section 8, township 46, range 29, and ore has been struck at a depth of 100 feet.

Two Brainerd men, skilled in the use of the dip needle and often employed by the late Judge G. H. Holland who owned much iron land, have perfected what they believe is an ore locator and two other Brainerd men of means have bought an eighty near Merrifield on the Minnesota & International railway and after using the indicator the Duluth Diamond Drilling company spotted a drill on the point indicated. Now everyone

is awaiting with breathless interest the results of the operations. So confident is one of the promoters that he can get the width and depth of iron ore by his ore finder, that he believes in time that the drill will simply be used as a check to the work of the finder which will give all the mentioned information except phosphorous. Its operation may turn out a joke, but nevertheless range men are keeping an eye on the thing.

On the south range the Clearwater district is the center of some activity. F. L. Pitt, of Deerwood, has a drill in section 15, township 46, range 28. Getsch & Greeley, of Nashua, Iowa, will also soon drill in the same section. The Stowell Exploration company has two drills in section 9, township 45, range 28 and one on the Belle Mack farm north of Bay Lake, in section 4, township 45, range 28. A drill will soon be placed by other parties in section 32, township 46, range 28.

The Adams shaft at Oreland is down 34 feet in the slate wall, having broken the seal. Very little water has been encountered by Contractor Buzzo, who has charge of the work of sinking.

The Barrows mine of the Virginia Ore Mining Co. has its share of tribulations, having a lot of water to contend with again. The big 3,000 gallon pump is working heroically to clear the water out of the shaft.

R. J. Whiteside, of Duluth, has drills at work in sections 14, 15 and 22, section 29, township 138 and drills of other parties are soon to be placed in operation.

The Iron Valley Mining Co. has a drill working in section 10, township 43, range 32. T. E. Welsh and Hugo Schwartzkopf of Brainerd, are heavily interested in the company.

H. B. Blackwood has released his option obtained from Frank and Otto Lindstrom and situated in the southwest quarter of section 19, township 47, range 28.

The Brainerd Townsite company has platted the Cuyuna Range addition to Brainerd in the north half of the northeast quarter and the southwest quarter of the northeast quarter of section 30, township 45, range 30. There are about 49 blocks in the subdivision lying east of the Northern Pacific railway shops and foundry and suitable for business and residence lots.

H. E. Peterson has assigned to Jas. E. Peterson his option on the south half of the northeast quarter and the south half of the northwest quarter of section 20, township 47, range 23.

J. A. Stetson, of Deerwood, has released to Anton Mahlum of Brainerd his option on part of the southeast quarter of the northwest quarter of section 30, township 45, range 30.

Henry I. Cohen of Brainerd, has sold to W. J. Thompson an undivided 3-3 interest in the southeast quarter of the northeast quarter and lot 2 of section 20, township 135, range 27. Tilla Olander has sold to Olaf A. Olson an undivided 1-5 interest in the minerals in the west half of the northeast quarter, the southeast quarter of the northwest quarter, the northeast quarter of the southwest quarter of section 4, township 136, range 26. Thomas S. McGuire has sold to Frank Zechlin an undivided 1-12 interest in the northwest quarter of the southeast quarter and the southeast quarter of the southeast quarter of section 30, township 137, range 26.

COUNTY SUNDAY SCHOOL CONVENTION

Dr. M. S. Rice, of Duluth, Will Deliver Address at Opening of the Meeting

TO BE HELD HERE JUNE 17 & 18

Conference to be Conducted by Dr. W. S. Bowden Vice President of State Association

The Crow Wing county Sunday school association will hold a convention in Brainerd on June 17 and 18.

Dr. M. S. Rice, of Duluth, has been secured to give an address on the afternoon of the first day on "Adult Bible Class Work," and in the evening will give what is perhaps one of the strongest presentations of Christian work given today, entitled, "The Expected Church."

Dr. W. S. Bowden, of Duluth, who is the vice-president of the state association and chairman of the secondary division, will conduct one of the conferences.

The meetings will be held at the Seventh Street Norwegian Lutheran church. The committee expects to have as a speaker on the second day of the convention an orator of national reputation.

The county president is visiting every school in the county before the convention. He is accompanied by other workers and the schools of Crow Wing county are being organized as never before. It is expected the convention will be attended by delegates from every school in the county, there being 29 schools at present in the association.

Chicken Farm For Sale

On Lake Hubert, one and a half miles from station, fully equipped for raising 1000 chickens.

Good house and all buildings new. Two acres of land lake front on Little Hubert and Hubert lakes. Inquire Mrs. L. E. Thayer, box 65, Hubert, Minn. Advt.—29716-w2

Complete freedom of movement, correct deep breathing and graceful, easy carriage all come naturally to the woman properly fitted in one of the many models of

W.B. Corsets

They gently grade off the curves, molding the figure without pressure into smooth sweeping lines. Every height of bust, every type of waist, with a comprehensive assortment of hip styles, will be found here so that every woman can be properly fitted.

We recommend W. B. Nuform Corsets because of their superior quality and because they give absolute satisfaction. Comfort from the very first, they retain their shapeliness until ready to discard them—made with lines which follow the modeling of the figure, and at bust and hips the corset fits firmly without strain or pressure—a correct model for every figure.

Measure Paint Value by the Time it Lasts Not by first cost

DON'T think "paint is paint." There are as many different qualities of paint as there are manufacturers of that staple product. Some paint is put out to sell at a price, no matter how cheap—the ingredients are a secondary consideration.

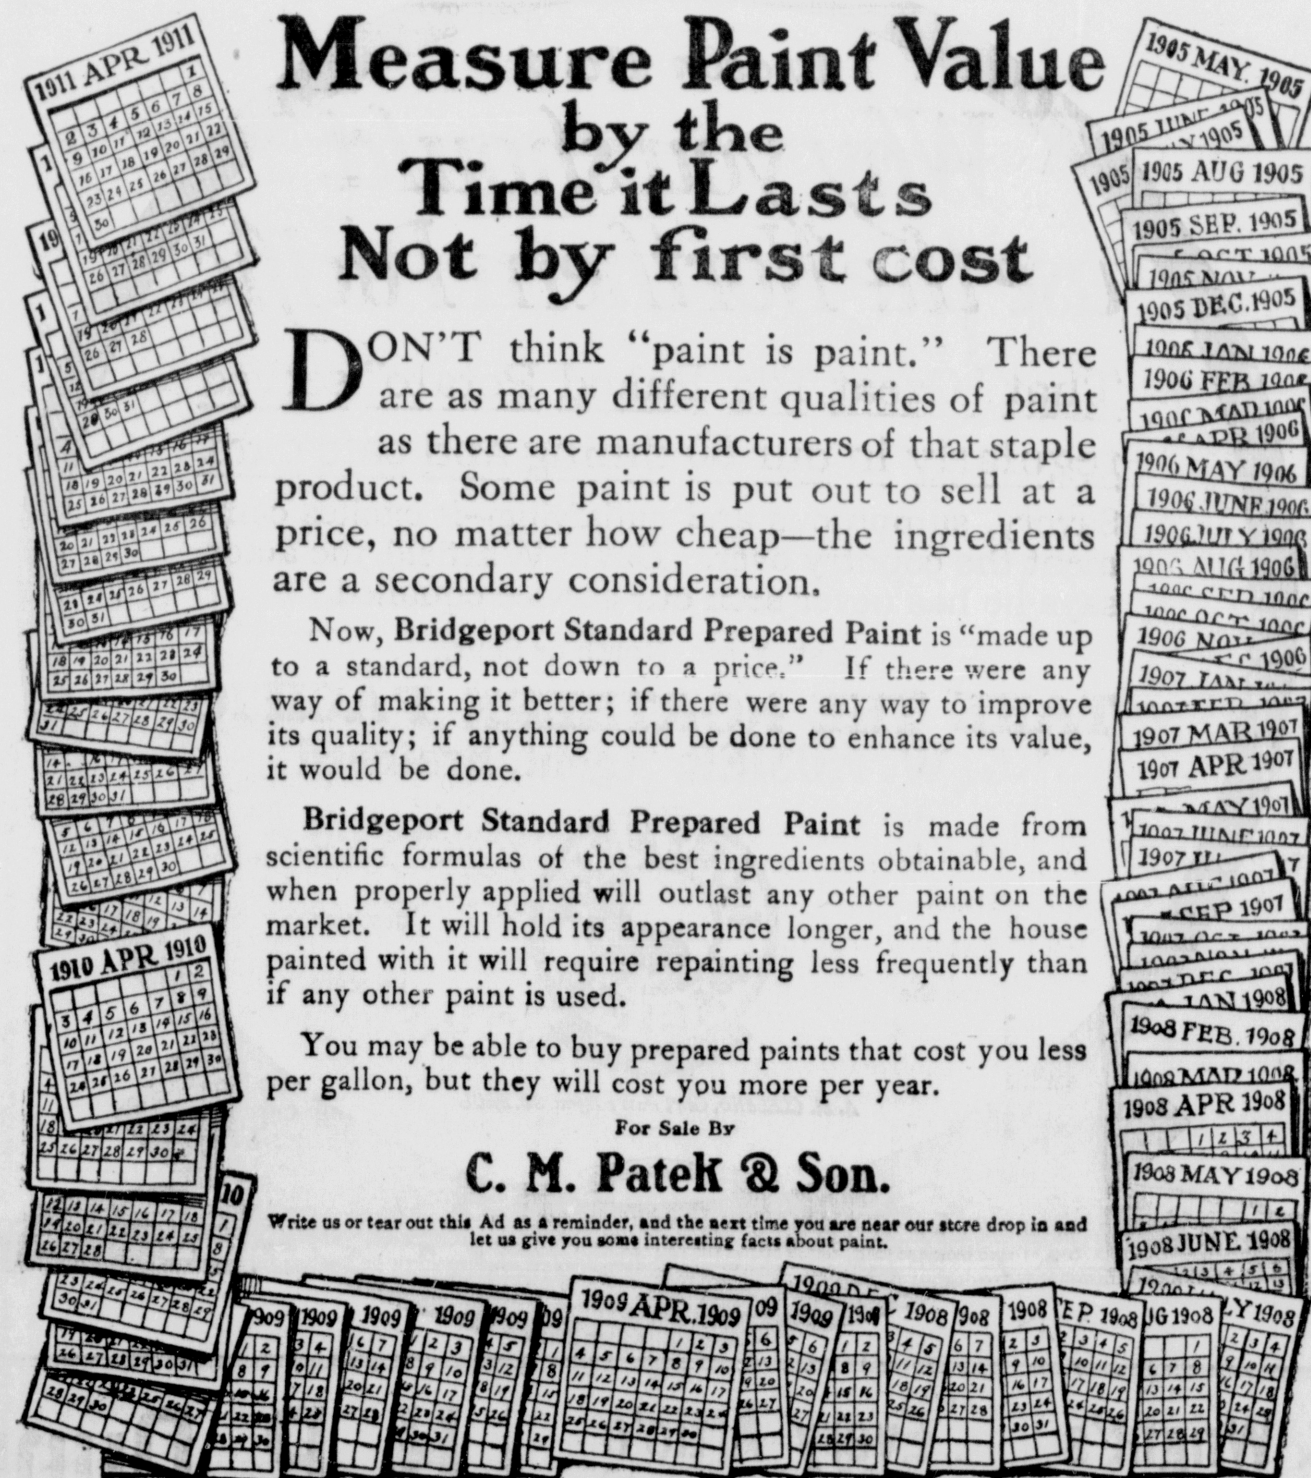

Now, Bridgeport Standard Prepared Paint is "made up to a standard, not down to a price." If there were any way of making it better; if there were any way to improve its quality; if anything could be done to enhance its value, it would be done.

Bridgeport Standard Prepared Paint is made from scientific formulas of the best ingredients obtainable, and when properly applied will outlast any other paint on the market. It will hold its appearance longer, and the house painted with it will require repainting less frequently than if any other paint is used.

You may be able to buy prepared paints that cost you less per gallon, but they will cost you more per year.

For Sale By
C. M. Patek & Son.

Write us or tear out this Ad as a reminder, and the next time you are near our store drop in and let us give you some interesting facts about paint.

A GOOD BUSINESS TRAINING for a young man would be a good working knowledge of Bookkeeping—accuracy in figures—good in handwriting—Business Law—English—Spelling—the ability to take a letter in shorthand and write it neatly on the typewriter and a training in Office Practice.

If a young man will take a business course of this kind in the Little Falls Business College and mix with it plenty of GRIT, GUMPTION and GET-THERE, he will succeed every time.

BRAINERD PLAYS CROSBY SUNDAY

A Good Game is Anticipated and
Crosby Hopes to Win in This
Return Game

COOK TO BE ON THE MOUND

Probable Line Up of the Brainerd
Team for the Game—Some
Sport Notes

The game Sunday between Crosby and Brainerd is anticipated to be a real struggle for supremacy and Crosby is really confident that it can beat Brainerd. The battery of the range town has been strengthened and it is said a league catcher has been obtained.

Siebert, the young mining engineer of the Thompson mine, may pitch and in addition the team has a Duluth pitcher.

The infield and the outer garden of Crosby have been strengthened.

Brainerd will have Cook on the mound, the man who, more than any other, piloted Brainerd to victory in the race for last year's pennant in the Central Minnesota baseball association.

No information has been gleaned as to the Crosby line up. George Ridley, George Anderson and other Brainerd men were at Crosby Thursday and said the town is backing the team and most of Crosby may be over to see the game.

The Brainerd line up, which, however may be subject to changes, is: George Erickson, left field; Callan, center field; Richard Bush, shortstop; Cook, pitcher; Templeton, third base; Bud Roderick, catcher; Kalland, first base; Ira Roderick, second base; Zierke, right field.

Tom Considine, who has always given satisfaction, will officiate as umpire.

Frank Larson, also known as Murphy, who has been playing with Grand Forks in the Northern league, has severed his connection with that team and will next week join Brainerd and resume his station on second base. In that position Larson played a star game last year. He covered a lot of territory, fielding fine and also showed up well as a hitter. He will be with the team to play in the series May 30, 31 and June 1. The infield may then be changed to Larson second base, Ira Roderick shortstop, Rogers first base and Templeton third base.

Brainerd Speedwells

The Speedwells are a junior organization and are all that their name (Speedwell) expresses. They have been organized for the past three seasons and have always played clean, honest and snappy baseball. The manager of the team is George Fricker, and their captain is John Cuddeby, Jr. The line-up is as follows: Pitcher, Frank Butka; catcher, Art Thoe, catcher, George Fricker; 1st base, Ole Larson; 2nd base, John Cuddeby; 3rd base, Ted Stallman; shortstop, W. Benda; left field, Ludwig Dahl; center field, Caleb Thoe; right field, Laurence Clark.

This season has been started very successfully and in fact if they continue the same they bid fair to land at the top in amateur baseball in Brainerd.

Mack Defines an Amateur

Connie Mack, a gentleman who has had experience managing football and baseball teams, has his own idea of what a simon-pure amateur is. Connie's definition is new. Here it is:

"A simon-pure amateur is an athlete who pays another man for the privilege of playing."

CROSBY GUN CLUB

David J. Severance Elected President
of Club of Thirty
Members

Crosby, Minn., May 23—The Crosby Gun club has perfected a permanent organization. At an adjourned meeting at the Commercial club officers for the ensuing year were chosen as follows:

David J. Severance, president; C. A. Lewis, vice president; H. W. Haskell, treasurer; Baxter A. Smith, field captain.

A committee composed of David J. Severance, John S. Lutes, and Baxter A. Smith was appointed to draft by-laws and report at the next meeting. The club starts off with a paidup membership of 30 and there will likely be a material addition to the roster before the next meeting, which will be held May 28.

The club expects to have its first practice in about two weeks.

CROSBY NINE

Commercial Club Gives the Regular
Team \$25—Others Donate to
Subscription List

Crosby Grudible: With twenty-five dollars from the Commercial club to start with Manager Warren passed a subscription paper during the week and secured money enough to clean up all of the indebtedness left over from last year, and the team will be able to start without debt this season. With any kind of support the team will be able to keep clear this season, and it will be able to put up a better class of baseball than was ever seen in Crosby.

The Empress theater was engaged for Friday evening, May 16, and a splendid program given, the net proceeds going to the Crosby ball team.

THE SIDE SHOW

The ball game between the Y. M. C. A. and the M. & I. clerks team is scheduled for Monday afternoon at 5:30.

Thursday, May 22, Philadelphia blanked Detroit by a 7 to 0 score, Zamloch, Missoula's former pitcher and team mate of Leslie Bush, pitching for Detroit. Leslie Bush, on the various occasions he has been sent in the game, has given a good account of himself. He was out a few days on account of a small injury to his arm, Connie Mack telling him to rest until he had entirely recovered.

Raymond Haimbaugh, crack two miler of the University of Michigan, ran a race with a broken ankle and won the event. Two weeks previously he ran a race and was injured and paid no attention to the matter until an X ray examination revealed the fracture.

Talk about pinch hitters! Washington of the American league has them. In the ninth inning rally of the May 21 game between Washington and Cleveland, Williams went in as a pinch hitter and hit a home run, driving in the two runs that tied the score. Walter Johnson then went in to pitch for Washington and held Cleveland scoreless in the tenth inning. Washington wound up the game with the score 3 to 5 in its favor.

Of Dretchko, who has pitched for Royalton in Brainerd games, the Minneapolis Journal says: "The Minneapolis Elks, No. 44, will meet the North Side Athletics at Minneapolis on Sunday afternoon at the North Side park, Minneapolis. Twenty-fifth avenue north and Washington. The contest bids fair to excel any independent games played this season, as both teams comprise the best players now in the city. Alvin Dretchko, the former Northwestern league hurler, who, by the way, is considered one of the best pitchers ever turned out of the University of Minnesota, will do the flinging for the Elks. Dretchko is a left-hander who is good enough for any minor league but has a responsible position and does not figure everyday baseball lucrative enough.

Rube Waddell, who jumped his job in the Northern league, has been picked up by Virginia.

The general averages on the number of fellows thrown from speeders on the M. & I. is being compiled by a statistician from Bemidji and will be published soon.

When you cannot concentrate your thoughts and it seems downright slavery to work and you have lost your appetite and don't know what's the matter this spring, grab a fish pole and see if that won't help matters along.

The Cyclone club has been quiescent for a while, but has revived since Carl Neumann returned from Minneapolis.

The Ransford hotel lobby is a great center for chess experts and some of the best in the city have been seen in match games with visitors. Twelve moves an hour has been the record of speed attained.

The Brainerd Tennis club expects to put on a tournament on the Fourth of July and will invite Crosby, Little Falls and Aitkin players. Brainerd played at Crosby last year.

PINE RIVER BALL TEAM

Homer Andrews Chosen President
and Manager of the Team—
"Doc" Mohler on Committee

Pine River, Minn., May 23—A number of the baseball fans have organized a team for the season. Homer Andrews was chosen as president and manager. Fred Moulster, vice president; Clyde Hall, secretary, and Fred Bush, treasurer. Homer Andrews, "Doc" Mohler and James Ingraham were named as committee on grounds, and Frank Folsom, "Doc" Mohler and Fred Moulster were named a committee on entertainment.

OUTLET FOR EMOTIONS

Athletic Girl Less Liable to Succumb
to Temptation Than Non-
Athletic Maid

Cambridge, Mass., May 23—That the athletic girl is less liable to succumb to temptation than her sisters who do not go in for athletics is the opinion of Dr. Dudley S. Sargent, director of athletics at Harvard.

"The social evils are the result of life's forces being turned into wrong channels," Dr. Sargent says. "The eternal longing to externalize one's self—that is, to find an outlet for the emotions—is an inherent one in human nature. The basic impulse may find healthy expression in athletics or it may find some sinister form."

"Woman is more emotional than man and with her sex attraction is apt to be more blind. Athletics offer the girl who is budding into womanhood the opportunity to acquire not only a sound, healthy body but moral and mental equipoise which I believe can be acquired in no other way. It is certain that girls of athletic tendencies are less liable to go astray because they find in athletics a safe outlet for their emotions. It would seem to be Nature's own scheme for preserving the moral balance."

Sunday School League

Saturday morning the Presbyterian school beat the Seventh Street Norwegian Lutheran school by the score of 7 to 3. The features of the game were the pitching of Worden, Bronson and John Olson for the Presbyterians and a catch of a difficult fly in center field by Percy Carbine.

Tuesday evening the Baptists will play the Seventh Street Norwegian at the Koering grounds and Saturday morning the Presbyterians will play the Congregationalists at the same grounds.

The percentage column reads:

	Played	Won	Lost	Pct.
Presbyterians	2	2	0	1000
Baptists	1	0	1	000
7th St. Norwegian	1	0	1	000
Methodists	0	0	0	000
Congregational	0	0	0	000

\$10 A WEEK

That's all Ty Cobb Would Get Under
State Law if he Was
Hurt

Lansing, Mich., May 23—Should Ty Cobb, world's champion batsman and star player of the Detroit baseball team, be injured while under contract with President Navin of the Tigers, he would be entitled to only \$10 a week compensation, according to information received here. President Navin has notified the industrial board of his intention to place all his players under the provisions of the state workmen's compensation law.

Cobb is supposed to draw a salary of about \$2,000 per month or \$500 a week. If injured he ordinarily would receive his full salary while on the bench but under the state law Cobb's salary would not be paid.
